Inmate Diagnosed with Active Tuberculosis at JTVCC

Smyrna, DE – An inmate serving a 20-year sentence at James T. Vaughn Correctional Center has been diagnosed with active tuberculosis. The inmate has been transferred to Kent General Hospital in Dover where he is undergoing isolation precautions. The DOC has identified staff and other offenders that may have been in contact with the inmate and will provide necessary follow-up care. The Department will continue working closely with the Division of Public Health on this issue.
