

## Inmate Visitation Procedures Updated August 26, 2022

Please note: [Visits must be scheduled in advance directly through the facility.](#)

**YOU ARE NOT PERMITTED TO enter any DOC facility at any time if you:**

- have tested positive for COVID-19 within the past 10 days
- have had any symptoms of COVID-19/flu-like illness within the past 10 days, including fever, cough, shortness of breath, loss of taste, loss of smell, or other flu-like symptoms
- have been exposed to someone with a known diagnosis of COVID-19 within the past 10 days

### Visitation Ground Rules:

- Through September 5, 2022 visits are restricted to one (1) adult visitor (18 years of age or older) per inmate per visit. **PLEASE NOTE: Beginning September 6, 2022 one (1) adult visitor and one (1) child visitor (under 18 years of age) will be permitted per inmate per visit.**
- **All visitors are encouraged to wear a DOC-issued face mask at all times while in a correctional facility.** Face masks will be made available to visitors upon arrival. Visitors should leave their personal face masks inside their vehicle in the parking area before approaching the facility entrance.
- All visitors may be screened when entering the facility. The screening may include a series of questions about their medical condition and whether they have had any direct or indirect contact with someone who has been tested for COVID-19 or is in quarantine. Visitors who have a temperature of 100 degrees or higher, have other symptoms of COVID-19, or have had close contact with someone with COVID-19 or is in quarantine will be directed to leave the facility.
- All visitors may be required to fully complete and sign a disclaimer form before the visit begins stating that they have not tested positive for COVID-19, have no symptoms of COVID-19, and have had no direct or indirect contact with someone who has been tested for COVID-19 or is in quarantine. NOTE: The disclaimer also authorizes DOC to take steps to independently verify this information.
- **Any visitor who tests positive for COVID-19 after their visit must immediately notify DOC by contacting 302-857-5470 or [Jamie.Young@Delaware.gov](mailto:Jamie.Young@Delaware.gov) and leave their name and contact information.**
